I) Text : Fashion

In the old days everybody used to wear agbadas or cloths but nowadays we have to follow the fashion and every year we need to have different clothes. And worst of all we think we have to copy what people wear in Europe. For example in the old days women used to tress their hair but now lots of girls think they need to wear wigs, if they want to be smart. I've even seen girls walking down the street in boots ! They were so hot and uncomfortable!

And what about the boys ? They polish their nails, do their hair and put on necklaces just like the girls. You can't tell the difference sometimes !

The dresses and clothes we used to wear are much more attractive than all these trousers-suits and mini- skirts. I think we need to wear African clothes.We needn't copy Europeans all the time.
